

Medicaid Fee Schedule for Facility Fees Previously Referred to as Appendix G

Effective 2009, the Department of Human Services will no longer provide the local DRS/SBVI field offices with Appendix G – The Medicaid Fee Schedule for Facility Fees. Instead, the Department is requesting that field office personnel access the South Dakota Medicaid Management Information System (MMIS) to look-up these rates as needed. Below is a detailed set of instructions on how to access this information.

1. Log on to the MMIS system.
2. Once logged on, a BIT Message screen will appear. The cursor will be in the upper left corner under the command code MSGS. Type SW95 to access the SW95 system.

3. Once in the SW95 a list of command codes will appear.
4. Use the arrow keys, or the TAB key, to move the cursor to the right. Before typing the command code, there must be **1** blank space between **SW95** and the **cursor**.
5. Type QUE HCPC XXXXX (XXXXX equals the 5 digit CPT code) to query the specific CPT code in question. Hit ENTER.

Position the cursor so there is **1** space between **SW95** and the **cursor**. Type QUE HCPC and enter the code in question.

The screenshot shows a terminal window titled "SESSION1 myXTRAI Enterprise". The prompt is "sw95 que hcpc 90801 _". Below the prompt is a list of command codes under the heading "SW95 VALID PERMISSIONS". The list is as follows:

SW95 VALID PERMISSIONS

The terminal window also shows a status bar at the bottom with "4.8", "0:00.1", and "01/21". The Windows taskbar is visible at the bottom of the screen.

6. The applicable rate will be the rate in the lower left corner, under the OUTPAT MAX ALLOW heading. There are two columns under the OUTPAT MAX ALLOW heading. The left column is the effective date. The top, or first date listed, will be the most recent. Note: the dates are listed in descending order. The corresponding rates are in the right column. The rate affiliated with the most recent date is the active rate. The active rate will be applicable unless there is an end date under the BEGIN DT/END DT heading (an end date of 12/31/9999 means infinite or the rate is still active).
7. If nothing is listed under the OUTPAT MAX ALLOW heading, or if a rate has an end date prior to the date of service of the claim, contact Ellen Carter at 773-5995 for further instruction. Contact the SBVI Assistant Director or DRS Program Specialist if Ellen Carter is not available.
