SD Applied Behavior Analysis Provider Workgroup

Dear SD Applied Behavior Analysis Provider Workgroup:

I am writing to express my personal and professional opinion regarding licensure for applied behavior analysis practitioners in the state of South Dakota. I firmly believe that licensure is not only beneficial, but necessary for the integrity of the profession and to protect the consumer. I am a licensed occupational therapist, and have held licensure for nearly twelve years in South Dakota. Licensure is the mark of a professional. It's a standard recognized by employers and their clients, by governments and by the public as an assurance of dedication, skill and quality.

This letter of course is representing my own opinion as a licensed health professional practicing in South Dakota, and is not meant to represent the opinion of my peer professional group.

Thank you for your consideration.

Sincerely,

A handwritten signature in dark ink that reads "Megan Johnke, OTD, OTR/L". The signature is written in a cursive style.

Dr. Megan Johnke, OTD, OTR/L
