

## SBVI Memorials

Over the years, the Division of Service to the Blind and Visually Impaired (SBVI) has received donations from individuals in memory of loved ones. Thanks to the generosity of those individuals, the Division implemented the Closed Circuit Television (CCTV) Lease/Loan Program in April of 2004. This Program makes CCTVs available to individuals who cannot otherwise afford them because of limited financial resources. Since 2004, over two hundred CCTV units have been made available for lease or loan use to consumers of the SBVI Older Blind Program.
