

Preadmission Screening Resident Review (PASRR) Supporting Documentation Contacts

Within 10 days of a PASRR exemption expiring, or a short-term Level II PASRR expiring, nursing facilities are responsible for submitting supporting documentation to request a PASRR review. The appropriate contact for receipt of supporting documentation for PASRR review requests depends upon the type of exemption or PASRR that is due to expire. Please reference the table below to determine who should receive the supporting documentation. **As a reminder, a completed *Level II Preadmission Screening and Resident Review (PASRR) Form* should accompany all PASRR review requests.**

Type Due to Expire	Contact
30-Day Hospital Exemption	Long Term Services & Supports (LTSS) Nurse Consultant
30-Day Respite Stay	LTSS Nurse Consultant
Less than 100 Day Stay-Post Hospitalization Exemption	LTSS Nurse Consultant
