

Present:

## What is NORMAL

Wednesday, October 10th, 2012

Doors open @ 11:45 am

Presentation 12pm - 1pm @ The Swiftel Center

\*Autographed books sales offered before/after the presentation

Normal is different for all individuals and businesses. Born a congenital amputee, John Robinson has no hands. His arms stop at his elbows and John's legs are attached to his hips without knees. What is your 'normal'? What is the dream for yourself? Personally and professionally, what do you see in the crystal ball? Once you see the vision, ask yourself, why be 'normal' at all?

**John Robinson**
