

Housing and Shelter Services - Services related to securing housing or shelter, adaptive housing services (including appropriate accommodations to and modifications of any space used to serve, or occupied by individuals with significant disabilities). Note: A CIL may not provide housing or shelter as an IL service on either a temporary or long term basis unless the housing or shelter is incidental to the overall operation of the CIL and is provided to any individual for a period not to exceed eight weeks during any six-month period. The client does not need to meet economic need for this service.

Examples of services than can be provided under this category:

- Assistance in locating accessible and affordable housing
- Assisting a participant in applying for low income housing
